

Small-Business Energy Efficiency

Incentives

Receive a free energy survey and free installed efficiency measures. Pay only 30% of installed or incremental installed cost for additional measures, such as lighting, electric hot-water heating, and space cooling.

Eligibility

To be eligible for this program, a Con Edison business customer must have an electric account Service Classification of 2, 4, or 9, pay the System Benefits Charge* and have an average peak monthly demand of less than 100kW.

Learn More

Learn more and sign up for the Con Edison small-business direct installation program at conEd.com/energyefficiency/businessdirect.asp or call 1-877-870-6118.

Eligible Equipment and Incentives for Small-Business Customers

| MEASURE | REQUIREMENT | INCENTIVE |
|---------------------------------|---|-----------------------|
| Compact-fluorescent lamps | ENERGY STAR® | Free* |
| Low-flow aerators | 1.5 gpm | Free* |
| High-pressure rinse sprayers | 1.6 gpm | Free* |
| Water-heater thermostat setback | Thermostat setback and replacement | Free* |
| LED exit signs | 5 watts | 70% of installed cost |
| Water-pipe insulation | R-4 insulation | 70% of installed cost |
| Occupancy sensors | Fluorescent | 70% of installed cost |
| Vending-machine controls | Passive infrared sensor monitoring vacancy of area and cycling cooling controls | 70% of installed cost |
| HVAC retro-commissioning | N/A | 70% of cost |
| Programmable thermostat | ENERGY STAR® | 70% of installed cost |

*The System Benefits Charge funds New York State environmental and other related public-policy programs.

Eligible Program Equipment and Incentives for Small-Business Customers

| MEASURE | REQUIREMENT | INCENTIVE |
|---|---|-----------------------------------|
| Evaporator-fan controls | N/A | 70% of installed cost |
| Anti-condensation door-heater controls | Variable-temperature controls | 70% of installed cost |
| Efficient-lighting package | Meets federal code | 70% of installed cost |
| High-efficiency lighting package** | Above federal code by 15% | 70% of incremental installed cost |
| Bi-level control for stairwell lighting | 50% lighting power during unoccupied time | 70% of installed cost |
| LED refrigeration-case lights | 28 watts | 70% of incremental installed cost |

* There is a \$100 limit per customer for all free measures.

** This package will include lamps, ballasts, fixtures, and full retrofit kits as required by the lighting application. For example, a change from T12 to T8 requires a fixture replacement, while replacing a standard T8 with a more efficient T8 does not.
